TWENTY-SECOND YEAR

EARLINGTON, HOPKINS COUNTY, KY., TUESDAY, MARCH 28, 1911

No. 25

**ONE HUNDRED
AND FORTY ONE****Lives Lost in Shirt Waist Factory
Fire in New York.****LOCATED IN TOP FLOORS OF
A TEN STORY BUILDING.**

New York, March 26.—One hundred and forty persons—nine tenths of them girls from the East Side—were crushed to death on the pavement, smothered by smoke, or shriveled to a crisp this afternoon in the worst fire New York has known since the steamship General Slocum was burned to the waters edge off North Brother's Island in 1904.

Nearly all of the victims were employed by the Triangle Shirt Waist Company on the eighth, ninth and tenth floors of a ten story building at No. 23 Washington Place on the western fringe of the downtown clothing district.

The partners of the firm, Isaac Harris and Max Blanck, escaped unscratched from the office on the tenth floor, carrying with them over an adjoining roof Blanck's two young daughters and a governess.

There was not an outside fire escape on the building.

How the fire started will perhaps never be known.

On the ninth floor fifty bodies were found.

Sixty three or more persons were crushed to death by jumping and more than thirty clogged the elevator shaft.

The loss of property will not exceed \$100,000.

**WILL KEEP GUARDS STILL
THOUGH STRIKE IS ENDED****Mountaineers Have Not Heard of Close
of Difficulties.**

Lexington, Ky., March 27.—Precantions to guard its employees taken by the Cincinnati, New Orleans and Texas Pacific railroad during the strike which ended Saturday are not to be moved at once. Guards will be taken off the locomotives, but the secret service of the road will be kept on the alert to prevent "sniping" at trains by the sharpshooters of the mountainous sections in north Tennessee and southern Kentucky.

Some of the employees and officials of the mountain division are fearful lest news of the end of the strike fail to permeate the back woods districts sufficiently to inform all strike sympathizers there of the outcome. There is also some speculation as to whether the men who have been shooting at the trains can successfully resist the temptation to try their skill further at moving targets as the cars wind through the mountain passes.

BACK TO NATURE.

A hen is not supposed to have much common sense or tact, yet every time she lays an egg she cackles forth the fact.

A rooster hasn't got a lot of intellect to show, but none the less most roosters have enough good sense to crow.

The mule, the most despised of beasts, has a persistent way of letting people know he's around by his insistent bray.

The busy little bees they buzz, bulls bellow and cows moo, and watchdogs bark, and ganders quack and doves and pigeons coo.

The peacock spreads his tail and squawks; pigs squeal and robins sing, and even serpents know enough to hiss before they sting.

But man, the greatest masterpiece that Nature could devise, will often stopt and hesitate before he'll advertise.

**MIKADO SENDS MESSAGE
OF ASSURANCE TO TAFT.****Japanese Ambassador Conveys Personal
Note to White House.**

Washington, March 27.—Baron Uchida, the Japanese ambassador, called at the White House Saturday and presented to President Taft a personal message from the emperor of Japan. The emperor declares he was already convinced that the President had given no credence to the "false and wicked reports regarding Japan." The emperor warmly reciprocates President Taft's assurances of friendship between the two countries.

The Emperor's Message.

The emperor's message in full is as follows:

"To the President of the United States of America:

"I was greatly pleased to receive your very kind message conveyed to me through my ambassador in Washington and I thank you for it. I was already well convinced that you had given no credence to the false and wicked reports regarding Japan, but it was especially a source of profound satisfaction to me to receive from you the assurance that the relation of amity and good understanding between our two countries were never better or more cordial than at this time. I am most happy to be able entirely to reciprocate that assurance.

TEN KILLED IN WRECK**On Atlantic Coast Line—"Dixie Flyer"
Goes Through Trestle.**

Tifton, Ga., March 25.—In one of the worst railroad disasters in the history of the South Atlantic States, ten persons are known to have been killed and a score or more injured when Atlantic coast line south bound train number 95, known as the "Dixie Flyer" went through a trestle over the Alabama river 18 miles east of here, about 5 o'clock this morning.

The baggage and express cars two day coaches and a pullman went into the river. Five Pullmans remained on the track.

According to an official statement the wreck was caused by the breaking of an axle on the engine when midway of the trestle, the weight of the train causing the trestle to collapse.

25 To 3.

The E. H. S. and Bethel girls met on the Basket Ball field in Hopkinsville Tuesday night. The game was played according to rules that were absolutely new to the E. H. S. girls. The consequence was they suffered defeat. The score stood 25 to 3 in favor of Hopkinsville.

FIRE THROWS 100 IN PANIC**Evansville Blaze Does Damage to Extent of \$25,000.**

Evansville, Ind., March 27.—Fire that threatened many river front buildings and caused a mild panic among 100 guests of the Richmond hotel caused a loss estimated at \$25,000 here today. The flames started in the Lennert cigar store of unknown origin and spread rapidly before the high wind.

E. H. S. Chaw "Laid Off" Bethel College Girls.

In thirty minutes of the fastest and most exciting basket ball game this season, the High School girls put the "kibosh" on the Bethel College girls team by a score of 2 to 1.

The Bethel girls arrived on the 5:36 train, accompanied by quite a crowd of rooters. The visiting team was entertained by the girls of the local team until time for the game.

Bethel appeared in practice to be a much faster team than our girls, but when the whistle blew the spectators realized immediately this would be one of the fastest games they had ever witnessed. They showed at once that they appreciated this by the way they cheered the E. H. S.

For the E. H. S. Elizabeth Long and Jessie Greer were the stars, while the Bethel team played about equally, displaying good team work.

After the game the crowd went to the Earlington Athletic Club where refreshments were served and every one regally entertained. Miss Willis, of Hopkinsville, captivated the crowd by her singing. Little Miss Dorothy Corbitt had the crowd laughing continuously by her recitations.

Misses Sue Wade and Lena Davis in their singing were highly appreciated by every one. Tommy Featherston singing "Steamboat Bill" was voted the best of all.

Miss Murrell in her recitation about "The bad man biting big hooks outen bad kids" was also highly praised. The Hoptown crowd voted Earlington a fine place. They returned home on 43 Friday night.

Next Friday night March 31, the High School Girls play Bethel at Bethel College. Quite a crowd contemplates going.

Married in Springfield.

Miss Maude Cooke, of St. Charles, and James Woodruff, of Carbondale, eloped to Springfield, Tenn., Saturday afternoon and were married. The get away was well planned.

Miss Cooke was visiting Mrs. John Redding and was up in town with one of Mrs. Redding's little girls. Suddenly she met up with her lover. She left the little girl in care of a friend, they boarded a train south a short time later and were married Saturday night.

The bride is the daughter of West Cooke and a very popular young lady.

The groom is a book-keeper for the Carbondale mines.

The parents objected to the marriage on account of the youthfulness of the bride.

Madisonville Notes**BY AILEEN DAVIS.****Chataqua Literary Club.**

Mrs. W. L. Gordon Jr. charmingly entertained the Chataqua Literary Club at her home in East Arch street Thursday afternoon March 23rd.

The roll call was responded to by member with quotations from Elizabeth Barrett Browning. Mrs. Otho Fowler as leader, ably handled the subject of "Dickens in London," which was thoroughly interesting in every detail, showing this quaint little old city as it was seen in the time of Dickens. This was followed by a splendid article read by Mrs. Frank Brown concerning "Dickens," each member entering enthusiastically into the discussion of his writings and his supposed motives for choosing the lower classes, as the foremost characters in his novels.

"Housing the Poor of London" a most excellent paper read by Mrs. M. J. Clark proved to have no superior on this program, as she so ably solved this mighty problem; telling what is yearly being done for the relief of the masses in this mighty city.

The current events given as the Round Table talk by Mrs. Frank Bowmer was very fine.

The club then adjourned to a social hour, during which time Mrs. Gordon served a most delicious luncheon in several courses.

South End Bridge Club.

The members of the South End Bridge Club of this city enjoyed a most pleasant afternoon at the home of Mrs. A. R. Cummings Friday, March 24, from 3 to 6.

Many exciting games were played, Mrs. J. D. McPherson, Jr. winning the greatest number of points was awarded the prize an exquisitely cut glass fern dish. A most excellent luncheon consisting of all the delicacies of the season was served just after the games were over.

Among those present were: Mesdames Clyde Ruby, C. W. Lindsay, L. E. Ruby, Fred Reincke, H. F. Head, C. A. Morton, Geo. Newbold, Paul Banks, R. S. Dulin, Jr., J. D. McPherson, Jr. and Miss Florence Allyn.

Woman's Book Club.

During the absence of Mrs. P. B. Ross in the "Southland" the "Woman's Book Club" was entertained at the home of Mrs. W. J. Dulin in South Main street Wednesday March 23.

The "Hundred Days" a most excellent original article was beautifully given by Miss Elaine Browning. This being followed by a vivid sketch of the "Battle of Waterloo" by Mrs. W. O. Morton and never was anything more beautifully told than this, as given in Mrs. Morton's own inimitable way. Her audience sat spellbound through out the entire rehearsal.

Mrs. S. R. Dulin, Jr., was a guest of the club.

A luncheon consisting of several courses was daintily served at the conclusion of the program.

Mrs. James L. Mason, of Pittsburgh, Penn., who has been the guest of friends and relatives in Earlington and Madisonville for several days, left Friday for her home.

Mrs. Rootz, of Earlington is in Morganfield the guest of her daughter Mrs. Ernest Eastwood.

What To Do

—FOR—

Sickly Children

Letters from Mothers

"I wish I could induce every mother, who has a delicate, sickly child, to try your delicious Cod Liver and Iron Tonic VINOL. It restored our little daughter to health and strength after everything else had failed."—Mrs. C. W. STUMP, Canton, Ohio.

Mrs. F. P. Skonnard, of Minneapolis, Minn., writes: "I want to recommend VINOL to every mother who has a weak or sickly child. My little boy was sickly, pale, and had no appetite for two years. I tried different medicines and doctors without benefit, but thanks to VINOL, he is a well and healthy boy to-day."

C. Allen, of New Bedford, Mass., writes: "My two puny children gained rapidly in flesh and strength in a very short time after taking VINOL."

We positively know VINOL will build up little ones and make them healthy, strong and robust. Try one bottle, and if you are not satisfied, we will return your money.

Toll of The Tall Timber.

The Agricultural College of the State of Washington, through its farm demonstration department, has been conducting tests on the logged-off lands which have attracted great attention. The system used is called the char-pit method of burning stumps. At the meeting of the Southwestern Development League at Vancouver recently, Professor H. W. Sparks, supervisor of the Demonstration farm of the Washington Agricultural College, conducted some very successful tests.

Where stumps are twelve to fifteen inches through it has been found more economical to pull them out with a horse and capstan, or with a donkey-engine. Where stumps, however, are too large for removal in this manner, the char-pit method has demonstrated its ability to clear the land of stumps at small expense.

The method is very simple. The bark is removed from the stumps for a height of about two feet above the ground. Dry kindling wood, bark and litter are placed entirely around the stump. Earth is shoveled to a depth of from 3 to 6 inches over the wood and bark surrounding the trunk. An opening about a foot wide is left and the fire is started by means of pitch pine. When it is well started, the opening is covered, leaving a small crevice for draft. It takes from six days to two weeks for a stump to burn out completely by this method. The fire follows the roots to the very end, and if care is taken to keep the fire always covered with earth, there is little chance for failure.—Fred Lockley, in April Pacific Monthly.

Forced to Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. It's surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles. 50c and \$1.00. Trial bottle free at all druggists.

NOW IT RAINS MUD IN KANSAS

Town in "State Where Anything Can Happen" Sees Phenomenon.

Wathena, Kan., March 27.—Sections of this town were spattered by a rain of mud Sunday. The phenomenon is accounted for by the fact that a high wind and dust storm was prevailing when a light rain began to fall. It is explained that the drops of water collected the dust in the atmosphere turning it into mud.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by Geo. King & Sons.

The New Plan Gives Greater Advantages Than Ever

Come to Evansville to do your shopping. The Metropolitan character of its stores gives you the advantage of selecting from much larger stocks than can be found in any other city within such easy reach—and prices are lower. Now is the time to come while the stocks of new merchandise are most complete.

The Members of the Retail Merchants will pay your fare both ways if you buy your merchandise from any or all of its members, according to the conditions specified below.

1. The Evansville Retail Merchants Rebate Association will pay one mile round trip Railroad, Traction or Steamboat fare for each dollar's worth of goods purchased from one or more of its members, to the extent of one full round trip fare from any point.

An additional one per cent. will be paid on each dollar's worth purchased in excess of the amount required to obtain one round trip fare.

To illustrate: A person coming 50 miles and purchasing \$50 worth of goods will get one round trip fare. A person coming 50 miles and purchasing \$75 worth of goods will get one full round trip fare and 1% on the extra \$25 and so on for any additional amount above the fare.

2. Before the fare is refunded the customer must show his or her return trip ticket or a receipt from the ticket agent at the rebate office.

3. The total amount of each purchase should be entered on the books.

4. No rebate will be allowed unless application for same is made at time of purchase.

5. No fares will be refunded on books mailed to the office.

6. No rebate will be allowed when total amount of purchase is less than \$10.

7. Rebates are allowed on cash purchases only. Ask for a Refund Book in the first store from which you purchase.

All the Leading Merchants of Evansville are members of The Rebate Association and the lines carried include everything for personal and household use. Come to Evansville to buy your supplies when you can have your fare paid both ways and make your shopping trip a genuine pleasure. Evansville offers so many attractions to the sightseer that you can't help enjoying the trip. For further particulars address

We have received word from the florist who is supplying us with the six roses advertised in another part of this issue, that he cannot supply us with rose plants after May 1. He tells us that right now is the ideal time to place your order. It will take a week to ten days to fill the order. By that time you can begin to set the plants in the open. Be sure to read our advertisement in another part of this paper and send in your order to day. You will never be given this opportunity again. These rose bushes are from four to six inches in length and are guaranteed to be in growing condition when they reach you. If they are not, The Farmer and Stockman of St. Louis, agree to send another set without cost to you. These roses are grown and mailed to you by the largest growers of roses in the world. He sends them to you to show you the kind of plants he is able to produce. He wants to please you so well that you will order other flowers from him. Send in your order today and tell your neighbors about the offer.

To The Women of The South.

What is called the "Back Home" movement is a campaign to induce Southern people who have gone West and North to return and make their home in the South. The first thing to do is to obtain their addresses; the

next, to specially invite them to revisit their native country; third, to send them literature of facts about the changed and better conditions in the South which you have mightily helped to bring about. You are asked to help in the movement. As to how you may do so, I suggest that you secure a list of the persons who have gone West and North from your community, with their present addresses, and send to your nearest newspaper. With the list, send a letter to the editor stating the present advantages of living in your community as compared to those of ten or fifteen years ago. Give facts about schools and churches, about good roads, and the opportunities

for making a living. He will publish the lists sent him, and the most suitable of his letters received. Also he will send a sample "marked" copy of his paper to the persons whose names you send, stating who supplied the various lists. The railroads, also, and the boards of trade will send literature and invitations to them, urging that they come "Back Home."

The women of the West are constantly aiding in plans to get more people into their communities, and heretofore the South has been heavily drawn upon for that purpose. You, Mothers and Daughters of the South, most winsome and glorious of all the Earth, can turn the tide if you but determine to do so.

AD-TALK

What would you think of a salesman who reported for duty one day, lay off for two, worked a half day, went off for a week and so on without any regularity? Surely you would not expect good service from such a man. And yet some merchants hold advertising, which is simply a "salesman," up to great results when it is allowed to "work" very irregularly. The fact that advertising costs money is proof of its value. Things without cost are usually worth only their price.

BOYS' LOW CUT SHOES

HERE IT IS

We have made a very important addition to our stock of Boys' Shoes. The accompanying cut is an exact representation of the Shoes we have in stock, except our stock Shoes are **LOW CUTS**. We bought them for this spring and summer, and of course had them made Low Cut.

This "Fivetoe" Shoe has a good full broad toe, making plenty of room for all the toes, and the box is sole leather, which means it will stand up as long as the Shoe lasts. We show this "Fivetoe" Shoe in Patent Leather and Gun Metal.

SIZES 9 TO 13 ARE WORTH \$2.00
SIZES 13 1-2 TO 2 ARE WORTH \$2.50

RECLAIMED LAND BURNING UP

Peaty Soil Catches Fire and Farmers Cannot Extinguish.

Kewanee, Ill., March 27.—[Special]—Farming land in reclaimed districts in the Green River valley, twelve miles north-east of here, is on fire. For six feet down the soil is of a peaty nature, formed by vegetable mold. It is fertile, but inflammable in dry weather, burning like coke. Farmers have been unable to extinguish fires and big forces are now digging trenches about burning districts and will fill them with water. Many acres are burning.

A Dreadful Sight

To H. J. Starnum, of Freeville, N. Y., was the fever-sore that had plagued his life for years in spite of many remedies he tried. At last he used Bucklen's Arnica Salve and wrote: "It has entirely healed with scarcely a scar left." Heals Burns, Boils, Eczema, Cuts, Bruises, Swellings, Corns and Piles like magic. Only 25c at all druggists.

Madames B. M. and B. A. Slator, of Madisonville, were in the city shopping Monday.

Plough Boys From Ghettos.

A convention of Jewish farmers met in New York City recently. There two agricultural schools maintained by Jews both of which are crowded to the doors and are obliged to turn away applicants. The Jew for centuries has been a dweller in the ghettos of great cities and had anyone predicted these facts fifteen years ago he would have been scoffed at.

At farm school, near Doylestown, Pa., 363 acres of land have been reserved for the exclusive use of the National farm school, a non sectarian institution which was founded in 1895. It is dedicated to the encouragement of agriculture among those who would otherwise be condemned to life in sweat shops. Though all creeds are welcome and the religious services are non sectarian, most of the lads are Jews. The boys are taken from the influence of the ghettos which inevitably stunt their lives. They are admitted on their own application after a grammar school training

RICH NEW YORKERS BUY FINE MOUNTS FOR ARMY

U. S. Cavalry Will Not Suffer In International Show.

Washington, March 27.—The United States cavalry will not be allowed to lose another international test of horsemanship for lack of good horses if a coterie of rich New Yorkers can remedy the defect. Recently, six fine thoroughbred jumpers were bought for the army from a fund subscribed by New York horse lovers immediately after the defeat of American cavalrymen at the horse show in that city.

The horses were bought at Warrenton, Va., which is noted for its fine hunters and cost \$10,500. Other horses are to be bought immediately, the lot assembled at Ft. Myer, where the officers to ride them will be brought, and their first real test will come in London, where the international horse show will be held in June. Events will be open to cavalrymen of all nations.

HAVE YOU TRIED PAXTINE

The Great Toilet Germicide? You don't have to pay 50c or \$1.00 a pint for listerian antiseptics or peroxide. You can make 16 pints of a more cleansing, germicidal, healing and deodorizing antiseptic solution with one 25c box of Paxtine—a soluble antiseptic powder, obtainable at any drug store. Paxtine destroys germs that cause disease, decay and odors—that is why it is the best mouth wash and gargle, and why it purifies the breath, cleanses and preserves the teeth better than ordinary dentifrices, and in sponge bathing it completely eradicates perspiration and other disagreeable body odors. Every dainty woman appreciates this and its many other toilet and hygienic uses. Paxtine is splendid for sore throat, inflamed eyes and to purify mouth and breath after smoking. You can get Paxtine Toilet Antiseptic at any drug store, price 25c and 50c, or by mail postpaid from The Paxtine Toilet Co., Boston, Mass., who will send you a free sample if you would like to try it before buying.

Nothing beautifies the home grounds like a few well selected roses. The SEMI-WEEKLY BEE is going to make it possible for every one of its readers to beautify his or her home grounds without a cent of cost. We will send you the six everblooming one-year-old roses described below absolutely free of charge if you will send us only \$1.00 to pay for the SEMI-WEEKLY BEE one year and the Farmer and Stockman one year. What is more we will send you complete instructions on planting and care with each collection. These instructions are written by an Ohio florist, one of the most successful on earth.

These roses will be sent you postpaid by the Farmer and Stockman direct from the florist in Ohio, any time you wish. You can collect the collection now, before the supply is exhausted, and have them shipped any time you wish before May 1.

THE ROSES DESCRIBED

BLACK ROSE—The Black Rose marks the highest attainment of the hybridizer's skill. For grace, form and color the large beautiful flowers look as if they were cut from the heaviest dark rich velvet.

WHITE KILLARNEY—The wonderful new "Irish Beauty," unfolding broad wax like petals into enormous semi-full flowers of pure snow white.

PRESIDENT TAFT—It is a strong, robust, vigorous grower. The flowers are faultlessly formed, extra large and double, the color an exquisite shade of bright sparkling pink.

YELLOW KASIERIN—Is a robust, healthy grower, very hardy bush on which great masses of exquisite golden-yellow roses are borne.

DELA REID—Great masses of large double flowers of the richest velvety red are produced on the whole blooming season.

DOROTHY PERKINS—In habit of bloom, it is extremely free, producing flowers in immense clusters. The color is an exquisite shade of clear shell pink.

Send us only \$1.00 to pay for the SEMI-WEEKLY BEE one year and the Farmer and Stockman one year and we will send you these six beautiful everblooming roses postpaid and absolutely free of charge.

Roses may be planted any time between this and May 1. Better order now before the supply is exhausted. Thousands are ordering these plants now, and the supply may be exhausted if you wait till the middle of April to order. The Farmer and Stockman will hold the roses for you till you are ready to plant them. Do not take chances by waiting. Use coupon below.

RAILWAY DETECTIVE IS SHOT

Assassin Fires From Ambush on Police-man Employed by L. & N.

Middlesboro, Ky., March 26.—Firing from ambush an assassin shot down Railroad Detective Ross at Baxter station last night. Ross was brought to this city on a special train.

He had been employed by the Louisville & Nashville railroad company and it is believed the shooting was done by some one who had a grievance against him, because of his work against marauders.

Ross was nearing the railroad station preparatory to boarding a train when he fell with two bullets in his head. He may die.

No More Dyspepsia.

Gas, or other Stomach Troubles. Nothing will remain undigested or sour on your stomach if you will take a little Digestez. A powerful digestive, harmless and pleasant as Maple Syrup. For sale by the drug department of the St. Bernard Mining Company, Incorporated.

Good Roads.

Howard H. Gross, an authority on good roads, says:

It is not overestimating the facts to say that three-fourths of the men charged with the responsibility of building and repairing the roads the country over, know very little about the subject.

Very often an expenditure of one dollar is made to get 80 cents worth of benefit.

Illinois is spending \$5,000,000 a year upon the highways, and those in position to know, assert that more than half of it is wasted.

In road improvement the first and most important step in drainage. Water is the only natural enemy of roads.

An eminent French engineer, when asked how soon after the road was built he commenced to make repairs answered: "The next day."

The good roads fever usually breaks out in some community with a hurrah.

An eminent engineer who has had extended experience says at least 60 per cent of the funds raised for highways is wasted.

\$30,000 of bond issue will build far more and far better roads on a general contract than \$36,000 spent in ten years on a patch-work plan, and the cost to the taxpayer will be considerably less as well.

Always Blessed

with a Hearty Appetite if you use Digestez. It helps your stomach do the work, digests what you eat and makes good rich blood from your food. No more Sleepless Nights, Headache or Stomach Misery. Get rid of all these troubles with Digestez. Fifty cents a bottle, worth tenfold its cost, at drug department of the St. Bernard Mining Company, Incorporated.

New York Bars Public Cups.

New York, March 27.—After October 1, it will be unlawful to have a "common drinking cup" in any park, public building, factory, theatre, school, railroad

station or ferry house in New York. A regulation adopted by the board of health as an additional section to the sanitary code, rates the common drinking cup as a public nuisance, and prescribes penalties to prevent its use.

Government Announces Plans for Buying Eastern Forest Land.

Washington, March 28.—The Department of Agriculture announces, through a circular which is just coming from the press, that it is ready to begin operations looking to the purchase of land by the National Forest Reservation Commission created under the Weeks' Law.

This law was passed with special reference to the creation of National Forests in the Appalachian and White Mountains. Under it the Secretary of Agriculture is to examine, locate, and recommend to the Commission for purchase such lands as in his judgement may be necessary for regulating the flow of navigable streams. The circular which is now being printed is intended to give information to the public as to where and what kinds of land are wanted. Owners of land the purchase of which will be considered by the Government are expected on the basis of this information to make known to the Forest Service, which will conduct the work for the Department of Agriculture, their desire to sell. Copies of the circulars may be obtained by applying to the Forest Service.

No Need to Stop Work.

When your doctor orders you to stop work, it staggers you. "I can't," you say. You know you are weak, run-down and falling in health, day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength, and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at all druggists.

Damage Suits.

Damage suits against transportation companies take a wide range says the Lexington Leader. For instance, a man is suing a railroad at Frankfort for \$10,000 for starting off its train while he was putting a lady on it, causing him to jump and hurt himself. Another wants \$2,500 because the ticket agent was so slow he could not secure a ticket in time to board the train and was left. It seems like any old excuse or none can be used to attempt to extract money from railroads. It is the bane of railroad existence.
